Curatorial Assistant, Botany

Carnegie Museum of Natural History - Oakland, 4400 Forbes Avenue, Pittsburgh, Pennsylvania, United States of America Req #858

Date Posted: Wednesday, April 13, 2022

Carnegie Museum of Natural History, one of the four Carnegie Museums of Pittsburgh, is among the top natural history museums in the country. It maintains, preserves, and interprets an extraordinary collection of artifacts, objects, and scientific specimens used to broaden understanding of evolution, conservation, and biodiversity. Carnegie Museum of Natural History generates new scientific knowledge, advances science literacy, and inspires visitors of all ages to become passionate about science, nature, and world cultures. Carnegie Museums of Pittsburgh is interested in candidates who, through their experience and collaborations, will contribute to diversity and excellence of the Carnegie Museums community.

The CMP COVID-19 Employee Vaccine Policy requires that all employees provide proof of COVID vaccination or if not fully vaccinated, must provide proof of negative COVID-19 testing on a weekly basis.

Carnegie Museum of Natural History seeks a Curatorial Assistant in the Section of Botany.

EDUCATION AND EXPERIENCE:

- Degree or diploma in a botanical field with experience working in a herbarium within a natural history museum preferred.

KNOWLEDGE, SKILLS, AND ABILITIES:

- Attention to detail and excellent organizational skills is imperative.
- Proficiency with Microsoft Office programs, including Word, Excel, Access, and Outlook, as well as the Internet for research is required.
- Experience in georeferencing locations using various tools would be advantageous.

PHYSICAL REQUIREMENTS: This position requires ability to climb stairs, stoop, carry, reach and lift boxes of specimens up to 20pounds.

PRINCIPAL ACCOUNTABILITIES:

- Primary duties will be to alleviate overcrowded conditions in specimen cases updating taxonomy within the collection and reorganize it to reflect that taxonomy, and work extensively to improve the database, currently in Microsoft access.
- The worker will help with specimen preparation and loan packing.
- Paper records will be organized in the archives including select portions digitized and made available with the on-line databases of Symbiota and iDigBio.

This is a Union position.

Carnegie Museums is an Equal Opportunity-Affirmative Action Employer – Minorities / Females / Veterans / Individuals with Disabilities / Sexual Orientation / Gender Identity

The above job description reflects the essential functions and qualifications for the position identified, and shall not be construed as a detailed description of all the work requirements that may be inherent in the position. The job description does not constitute an employment contract and does not alter the at-will relationship between CMP and the employee.

*GUIDANCE ON ESSENTIAL FUNCTIONS: The Americans with Disabilities Act ("ADA") requires employers to consider and accommodate qualified individuals with disabilities. An individual is qualified if he or she can perform the essential functions of a job with or without reasonable accommodation. An essential job function is any task that is a fundamental part of the job. When considering essentiality, one must focus upon whether the function is essential to this particular job and not to the department as a whole. Some additional guidance on essential functions follows below. Please note that the following guidelines are non-exhaustive. If you have any questions or need additional guidance, please contact Human Resources. A. Is the function required to be performed on a regular basis? If the function is rarely performed, it may not be essential. B. Is the function highly specialized? Is the incumbent hired for his/her expertise or ability to perform the function? The need for special expertise is an indication of an essential function. C. Does the position exist, at least in part, to perform the function? If so, the function is more likely to be essential. D. How much time is spent performing the function and how often? Note that even functions performed 10% of the time could be essential if they are required on a regular basis. E. Would elimination of the function fundamentally alter the job? If so, the function is more likely to be essential. F. What are the consequences of not requiring the incumbent to perform the function? If they are significant, the function is more likely to be essential. G. Are there a limited number of employees among whom the
